Computer

Features

- **Wireless Connection:** Effortlessly connect your phone, tablet, or other devices using Bluetooth for wireless music enjoyment.
- **High-Quality Audio:** Built-in high-quality speakers deliver clear and detailed sound for an exceptional listening experience.
- **Multiple Playback Modes:** Supports various playback modes including Bluetooth, TF card, U disk, AUX, and FM radio to cater to your diverse needs.
- **Calling Function:** The integrated microphone allows for hands-free calling, making it convenient to answer phone calls.
- **Long Battery Life:** The large-capacity battery provides up to 3 hours of continuous music playback.
- **Stylish Design:** The sleek and modern design seamlessly complements your home decor.
- **IPX5 Rating:** Experience the ultimate portable speaker, designed to withstand the elements with its IPX5 water resistance rating. Whether you're at the beach, pool, or outdoors, this speaker is built to keep the party going, even in wet conditions.
- **RGB Light:** But that's not all - this speaker also features a mesmerizing 10-color LED light that pulses and changes color, creating a truly immersive audio-visual experience. The LED light adds an extra layer of excitement to your gatherings, making it the perfect accessory for parties, outdoor events, or just relaxing with friends.
